

Rush Bicentennial

Raisins in the Puddin'

Please share your memories of living in Rush, growing up in Rush, or any other memories or stories you have about Rush. It's the raisins that make the pudding flavor extra special and it's the stories that make our history come alive. Please help us preserve these stories for future generations!

Please be sure to complete the information on the back of this form so that the Rush History Office can use your story. Please feel free to submit stories of any length. Thank you for sharing and helping make our Bicentennial even more memorable!
